To Whom It May Concern,

I am writing to recommend Lloyd, an exceptional intern under our Code to College program at Arrive Logistics this past summer. Lloyd displayed an excellent attitude towards learning, quickly grasping complex concepts, and adeptly applying them.

His dedication to challenging tasks stood out remarkably. Lloyd's interpersonal skills complemented his intellectual prowess, making him a valuable addition to our team.

Lloyd's interest in technology is profound, matching his commitment to personal and professional development. His ability to comprehend and create code in a short period of time was genuinely impressive.

In conclusion, Lloyd is a remarkable candidate for any tech-oriented role due to his positive attitude and fast learning ability. We were fortunate to have him on our team at Arrive Logistics, and I am confident he will bring the same dedication and enthusiasm to any future endeavors.

Please feel free to reach out if you need additional information.

Best regards,

Chris Cone
VP of Engineering
Arrive Logistics
